

FORDÍTÓ-TOLMÁCS SZAK

TEMATIKA

A fordító és tolmács szakra az érettségi jegyet kiváltó felvételi teszt tematikája megegyezik az érettségi vizsgán kértekkel (nyelvhelyesség, helyesírás).

A magyar, román, angol és német nyelvű tesztekre általános nyelvtudás szükséges, főként a lexikológia és morfológia területéről, beleértve a helyesírást is. Ennek keretében átlagon felüli szókincs és nyelvtani hozzáértés szükséges, melyet ABCD-teszt keretében mérünk fel. Egy felvételiző legfeljebb két nyelvből tölthet ki ABCD-tesztet. Egy nyelvi teszt munkaideje 60 perc.
